**FOR IMMEDIATE RELEASE**

## **Invinci Corporation Expands to Alabama & Gulf Coast**

**ST. LOUIS, MISSOURI (January 2, 2023)** --- Invinci Corporation, a St. Louis-based real estate company established in 2012, successfully implemented a multi-state business expansion by its acquisition of all real estate and business assets of the Furniture Leasing Corporation on December 7, 2022. Upon closing the transaction, Invinci Corporation will serve Missouri and the Gulf Coast. Invinci's new subsidiary is FLC Living, LLC (FLCLiving.com) and will be headquartered at the 18,000 square foot showroom/warehouse located at 602 Azalea Road in Mobile, Alabama.

The addition of FLC Living will enable Invinci's home staging and design services to be transitioned to FLC Living's professional staging team, and all residential and commercial staging engagements will be offered to Missouri and Alabama clients under the FLC Living brand. Real estate brokerage services provided by Invinci Real Estate Advisors will expand to serve Alabama as well as Missouri. A new real estate office is projected to be opened in Mobile County by the second quarter of 2023.

Michael Harry, President of Invinci Corporation, views the addition of FLC Living as a means to dramatically, yet fiscally responsibly, increase work capacity; and also serves as an example of Invinci's innovative leadership within the industries and markets in which it serves. Mr. Harry stated, "Invinci's motto is 'Famous for Fresh Ideas' and it describes well our entrepreneurial approach to meeting our customers' needs. The staging, furniture leasing, and corporate relocation housing services offered by FLC Living will be integral to us forever evolving our operations to deliver extraordinary value to stakeholders."

Invinci Corporation's investment in FLC Living is significant also for the St. Louis real estate market. Expansion of the FLC Living services into the St. Louis market is planned within 12 months. "We see our real estate operations in the St. Louis area as a testing lab of sorts. The genius talents of FLC Living's Director of Operations, Ms. Renee Johnson, and Director of Marketing & Business Development, Ms. Jacqui Callahan, will soon be introduced to St. Louis. The investment we are making to expand will empower Invinci to meet its mission, a mission singularly focused on enriching our communities, our clients, and our employees," Mr. Harry stated.
